SUMMARY

QA automation engineer with five years of experience testing web applications, moving towards frontend development.

EXPERIENCE

QA Automation Engineer, Buona Vista Software | Singapore | Mar 2023 - Present

- Build and maintain end-to-end test suites in Playwright and TypeScript for a web HR system, covering about 400 test cases.
- Built an internal React dashboard that shows test results and flaky tests for the engineering team.
- Added accessibility checks with axe to the test suite and reported issues to developers.
- Run the test suites in the GitHub Actions CI pipeline.

QA Engineer, Farrer Park Tech | Singapore | Sep 2021 - Feb 2023

- Wrote Cypress tests for a React web app and tested pages at different screen sizes.
- Reported and tracked bugs in Jira.

EDUCATION

Bachelor of Science (Honours) in Information and Communications Technology, GPA 3.7 / 5.0

Singapore Institute of Technology | Sep 2017 - Aug 2021
